CMR-LCDCP4

Touchscreen Monitor

Description:

The Costar LCDCP4 is a rugged touchscreen monitor to control Costar Mobile Recorders. It can be mounted in the vehicle to monitor video or change recorder settings. The 7" screen provides 800x480 resolution and gives you easy access to the Mobile DVR operating menu. With a built-in RFID module, you can use it for operator log-in/log-out. It comes in an IP53-rated silicone enclosure to withstand the mobile environment.

Features:

- 7 inch touch screen display
- Operates Costar MDVR on-screen commands
- Built-in speakers
- Built-in RFID module to sign in/out
- Resolution 800*480
- Station announcement (Manually and automatically)
- 3 mounting options
